

INTRODUCING THE STEM PROGRAM AT IMS2015

Science, Technology, Engineering & Math

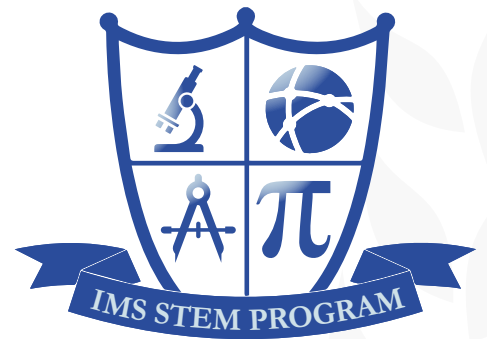

The IMS2015 STEM Program will feature a full day of activities at the Phoenix Convention Center on Thursday, 21 May 2015.

Stem Day Activities Include:

- Breakfast and STEM Day Kick-off by IMS Chairman Vijay Nair (Intel)
- Experiments and Demonstrations showcasing:
 - The Internet of Things
 - Microwave Technologies (Video)
 - Robotics
 - Thermal Imaging Cameras
- A scavenger hunt on the IMS show floor and interactions with key companies in the industry
- Opportunities to meet with students and faculty from top University Engineering Programs
- Over 30 High School Science and Engineering Exhibits
- Motivational speakers and attendance at the IMS2015 Closing Ceremony
 - Featuring Dr. Darlene J. S. Solomon Sr. Vice President and CTO, Agilent Technologies "The Century of Biology is Great for Engineering"
